SPECIAL RURAL ZONE NO.1 - "HENLEY BROOK"

5. The subdivider shall ensure that each prospective purchaser of a subdivided lot acknowledges in writing at the time of purchase of a lot a schedule of conditions relating to the subdivision. Such schedule shall include the following provisions:
 - a) As these lots are within a public water supply and underground water pollution control area the requirements and regulations of the Department of Environment, Water and Catchment Protection regarding the use of the groundwater and the protection of groundwater supplies shall apply. The Department of Environment, Water and Catchment Protection is unlikely to issue a licence for the use of groundwater for amounts more than 1,500 cubic metres per annum. This is sufficient for house and domestic garden requirements and for the irrigation of approximately 0.1ha of pasture or other crops.
 - b) The siting of bores on each lot shall be carried out in consultation with the Department of Environment, Water and Catchment Protection, having regard to the position of effluent systems, the spacing of bores between neighbouring lots and the Water Corporation's bores.
6. Prior to Council issuing any licence to build within the zone, the Council shall be satisfied that there is sufficient vertical separation between the bottom of any proposed onsite effluent disposal system and the highest known level of the water table.
7. Any person who keeps an animal or animals or who uses any land in the zone for the exercise or training of an animal or animals shall be responsible for appropriate measures to prevent dust pollution and soil erosion to the satisfaction of the Council. These measures may include:
 - (i) Seeding, cultivating, top dressing and/or stocking so as to maintain vegetative cover;
 - (ii) Installing sprinkler or ground water irrigation where necessary to maintain soil moisture at a level that will prevent wind-blown dust;
 - (iii) Constructing feed lot facilities;
 - (iv) Adopting any other management system that prevents dust arising or soil erosion.

Where in the opinion of the Council the continued presence of animals on any portion of land in the zone is likely to contribute, or is contributing to dust pollution or soil erosion, notice may be served on the owner of the said portion of land, requiring the immediate removal of those animals specified in the notice for a period specified in the notice.
