

Additional Information

My vision is simple: to listen to your concerns, stand with you in your needs, and deliver practical solutions that make a real difference. With your support, we can build a brighter, safer, and more connected Altone Ward.

As a proud community member, I will advocate for faster council response times, ensuring timely action on road repairs, rubbish collection, and maintenance. I will champion safe, clean, and accessible parks, green spaces, and community facilities for families, children, and seniors.

Community safety is a priority. I will support stronger street lighting, active neighbourhood watch programs, and collaboration with WA Police to address problem areas. I will advocate for smarter traffic systems, improved intersections, and reduced congestion, along with enhanced public transport, including better routes, frequency, and shelters.

I will promote Buy Local First policies, support small businesses through council resources and training, and champion more community markets, cultural events, and festivals. I will push for cleaner streets, more street sweeping, and stronger patrols to tackle illegal dumping. I will expand tree canopy coverage, protect mature trees, and enhance green spaces, while promoting sustainable council operations like solar energy, water conservation, and waste reduction.

Altone Ward is enriched by a diverse multicultural community. I will stand for every resident, ensuring all voices are heard, valued, and respected. I will ensure residents feedback is genuinely considered so council decisions reflect our communitys real needs.

By electing me, you will have a councillor who listens, acts, and delivers results. I humbly ask for your support in October 2025. Vote for a brighter, safer, and more inclusive Altone Ward. Vote 1 Arshad Ali.
