I'm Sandy Baraiolo, a strong voice for our diverse and growing community. As a volunteer, I've worked with many groups like RoadWise, Neighbourhood Watch, St Johns Ambulance and Rotary Clubs helping me understand the real challenges families face every day. Many of you have shared your hopes for safer streets, better support for local schools, more accountable Council decisions, and real solutions to issues like roaming pets.

These priorities come from listening to residents across Altone, including many hardworking families who want a brighter future for their children. I believe in unity, respect, and progress – values that many cultures hold dear. I'm here to listen, to serve, and to represent you with integrity. Whether through community events, conversations or social media, I'll stay connected and committed. Together, we can create a City of Swan where everyone is valued, every voice is heard, and every family has the chance to thrive. I would be honoured to earn your vote.
