It's been a privilege to have been your Altone Ward Councillor for the last 6 years. All my speeches consistently challenging unnecessary spending and my votes AGAINST rate increases and FOR improvements in OUR SUBURBS are available on the public record.

I am a Solicitor & have been a Swan resident/ratepayer for over 30 years. I read the paperwork & ask the right questions. I'm totally independent of political parties. Working for you & on your behalf I am not afraid to do what needs to be done & say what needs to be said. I answer to no-one other than you and your community.

If elected I will keep listening, working & fighting for YOU. To Stop waste, Keep them honest and Get the results you want – improved parks & environmental outcomes, well maintained streets, footpaths, verges & roads, traffic calming, drainage & parking solutions, better safety & security, sensible planning & waste collection & NO rate rises.

My vote NO keeps YOUR rates LOW!
