I have lived in Altone for most of my life, raising my family here and sharing the same hopes and challenges as you. With 45 years of experience as a works superintendent and contracts manager; and qualifications in Public Sector Management, I understand how to manage people, projects, and your \$264.5 million council budget responsibly.

I am committed to delivering what matters most: better infrastructure for all ages, safer streets with more lighting, fair rates, enhanced streetscapes, a new all-abilities playground, and long-overdue aged-care facilities. I will also back local business growth, road upgrades, parking solutions, and faster planning approvals.

I have no political agenda, only a dedication to transparency, accountability, and genuine community engagement. I listen, and I act.

I am David Fardig, your community, your advocate, and your choice for council.
