Hi I'm Nav, I love our community and have volunteered for 15 years. As an Engineer, Mother of two and wife of a Veteran with RSL Ballajura, I'm proud to raise my children here.

With 15+ years in WA civil services, I bring deep knowledge of working across all three tiers of government systems. I helped women re-enter the workforce and young people find their first jobs contributing to stronger, more resilient families and communities.

Advocating for council rate relief and strong fiscal oversight. Member of Urban Bushland Council WA, I'm passionate about protecting green spaces, responsible urban planning.

I support youth engagement, safer streets, better public transport and improved waste management. I value integrity, multi-cultural diversity, and grassroots involvement. I'll be a strong voice for families, seniors, small businesses, and the veteran community, committed to delivering real outcomes for our region.

Kind Regards

Nav Kaur
