

Additional Information

It's been a privilege to represent you on Council for the past 4 years. Thank you.

Over this time, I've fought to increase our POS & local amenity. I've consistently opposed rate rises & wasteful spending. I've highlighted local traffic concerns, supported residents with parking & planning issues & addressed drainage & community safety.

I've supported the retention of Black Cockatoo habitat & Banksia Woodlands, protected Guildford's Sugar Gums & successfully moved a motion for the City to become Owl-Friendly.

As an Independent councillor I research, listen & engage. I speak up on matters that concern you, including responsible financial management, planning matters, increased urban canopy & verge maintenance.

I'm not on the Council to feather my nest, or free dinners or events, I'm there to serve you.

Since elected, I have:

- Supported the Bellevue community on the Robinson Road closure
- Consistently opposed wasteful spending & rate increases
- Protected the Sugar Gums on Fauntleroy Park verge in Guildford
- Assisted residents in South Guildford with improved verge treatments
- Supported residents in Midvale & Midland with car yard parking issues
- Advocating for residents affected by the new Midland Train Station works
- Supporting residents concerned with the 'Highway Services use' Amherst Road/Stirling Cres Hazelmere
- Arranged a mobile CCTV tower at John Stone Park Koongamia
- Passed the Owl-Friendly motion
- Attended DAP to support Viveash residents over the Bund & mature tree removal
- Supported those affected by the Movida Estate Noise Wall issues
- Supported South Guildford residents over Rosehill Development concerns & quenda protection
- Enhanced the Margaret St & Riverview Avenue parks in Midland & South Guildford

I'm seeking your vote for a second term so I can continue putting your local issues first.
There is so much more to do.

Vote 1 Howlett, Sarah
Local & Loyal
