

### **Additional Information**

Over the years, Ive seen the challenges and opportunities that shape our neighbourhoods. Ive also seen how Council falls short of delivering on the basics. Thats why Im running because I believe we deserve better.

I built Australian Indigenous Group from the ground up, its where Ive learned the value of hard work, smart decisions, and being accountable to people. Running a business has given me real experience in managing budgets, employing staff, and finding practical solutions when challenges arise. I know what it takes to deliver results and how important it is to make every dollar count. These are skills Ill bring to Council to make sure ratepayer money is used wisely and effectively.

But Im more than just my work. Ive been a Police Officer, involved with a number of Aboriginal community groups and corporations, the President of the Perth Polo Club, a volunteer with sporting clubs, and local events for years. Ive always believed that strong communities are built by people who show up and give back, and I want to be a councillor who reflects that same spirit; approachable, engaged, and always ready to listen.

My priorities are simple and focused on what matters most to local residents. First, I want to see more local jobs created by in-sourcing services so the money we pay in rates stays in our community. Second, its time to finally fix the parking and traffic issues that frustrate people daily, especially around Midland. Third, I want to tidy up our suburbs cleaner streets, safer parks, and a more vibrant look and feel. Fourth, Im passionate about promoting our local centres like Guildford and Midland as great places to shop, work, and visit, unlocking new opportunities for small businesses. Finally, Im committed to cutting waste at Council and putting an end to the endless excuses because residents deserve action, not delays.
