I'm Neville Stewart, a proud local who has lived, worked, and raised my family here. With decades of experience in business, working as a Police officer, and supporting our local community groups, I know how to manage budgets, create jobs, and deliver practical results.

I'm approachable, down-to-earth, and I listen to people – whether it's shop owners in Midland, families in Stratton, or Guildford residents worried about parking and safety

My priorities are simple: fix the parking and traffic issues that frustrate us all, support small business and create local jobs, make our city cleaner, safer, and more vibrant.

I believe Council should be accountable, focused, and driven by common sense, not excuses. I'm standing to be the strong local voice our community deserves – someone who will roll up his sleeves, fight for better outcomes, and ensure our ratepayer dollars are spent wisely.

A vote for me is a vote for action, a stronger future and a Council that says Yes!
