

Additional Information

Pearce Ward residents,

When you vote, ask yourself, do you want a councillor who shows up for a photo and disappears, or someone you'd want a photo with because they were part of a truly memorable event? We have incredible people doing remarkable things in our community. I'm not here to exploit their efforts for personal gain. I will be at the event to support and amplify them.

As a ratepayer, I'm deeply concerned about Pearce Wards rapid expansion, especially around Bullsbrook. Traffic management and infrastructure are lagging growth, and if we don't act now, we'll be playing catch-up for years. Just look at Ellenbrook has for 20 years of promises from all levels of government, and still the community waits.

As a former local business owner and local volunteer, I've built strong, respectful relationships across the community. That doesn't mean I'm swayed by noise or influence. I assess every issue independently, weighing the pros and cons with integrity.

I hope this gives you a clear sense of who I am and what I stand for. Your vote does matter, please make your vote count.

I encourage you to vote for the person who aligns with your values.

Thank you

Shaun Bloomfield
