Hi, I'm Shaun. I'm not here to play politics.

I'm here because I care about our community and I'm tired of seeing things getting overlooked.

I resided in the Pearce Ward and lived in the City of Swan most of my life. I **drive** the roads that need fixing, **use** the parks that need attention, and have **heard** people who feel like no one's listening.

I'm running for council because I want to advocate and that's what I'm about: **Fixing** the basics roads, footpaths, bins. **Making** sure our kids have safe places and facilities to play and grow. **Helping** make things more accessible for all abilities and making sure services are easy to use.

Conscious **Spending** of ratepayer's money where it helps.

I'm not backed by a party. My community and business experience is also backed by common sense and a whole lot of local pride. If you want someone who'll show up, listen, and do his best on getting things done without the drama.

I'm your guy. Pearce Ward can be better. Simple as that.
