Having lived here for over 5 years I know there is lots to love about our corner of the City of Swan and the potential that is still to be realised.

Over the years, working hard as a sole parent, in Early Childhood Education and as a Union Organiser, I understand how important good local services & facilities are for our families to grow.

As a former Member of Parliament, I know how to navigate the complexities of Local, State & Federal Government to achieve positive outcomes.

Standing up for our community and making a difference is what has driven me to stand for Council.

If elected I will:

Bring my experience, passion & commitment to serving our community.

Not make hollow or false financial promises but strive for responsible council spending

Advocate for smart future planning as our community grows - Protection of Native Fauna, All ability Parks, Roads & Schools

I am a dog owner, wife of a FIFO Worker and active in our Community. **I ask you to Vote 1 Lorna Harper**
