As a Swan Valley raised grape-grower, business owner and family man, I am dedicated to serving our unique region.

I am seeking re-election, as I believe my experience and proven track record on local and rural issues is beneficial to achieve on-going positive results for our community.

This is demonstrated by recent improvements to local roads, footpaths, traffic safety, streetlighting, wildlife protection measures including upgrades at Baskerville Pavilion/Oval, Brigadoon Play Space, Bells Lookout, Gidgegannup facilities, bridle trails and a new netball court for Caversham.

Beautifying the Swan Valley, preventing over-development at The Vines, pausing rural rollout of FOGO, keeping rates below inflation and stopping unfair rural UV/GRV rating is my focus moving forward.

I care about representing local families, seniors, clubs, fire brigades, equine, tourism and rural sectors, so together we can improve our region, quality of life and standard of facilities now and for future generations.
