

# Free Street Trees Program

Every resident in the City of Swan can request a free street tree for their verge.

Trees provide shade, improve air quality and offer habitat and food for native animals. Planting is completed in winter, but requests may be placed at any time of the year by contacting the City on **9267 9267** or by email, [swan@swan.wa.gov.au](mailto:swan@swan.wa.gov.au).

Available trees are listed in this brochure and are subject to availability, supply and budget.

For more information, go to [www.swan.wa.gov.au/verges](http://www.swan.wa.gov.au/verges)

## Western Australian Native Species

Botanical Name <small>! Species to be used with caution</small>	Common Name	Evergreen/ Deciduous	Restrictions	Height x Width (m)	Tree Class	Soil* S Sandy soil; L Loam soil; C Clay soil; G Gravel	Spectacular Flowers	Suitable for cut-outs and narrow nature strips	Verge size <small>From lot boundary to back of kerb</small>				Suitable under power lines	Water Wise
