DIY

Lip balm

A very easy, low-cost lip balm that you can also use on your nails to give them a natural shine.

Ingredients

- 1 tbsp coconut oil
- 1 tbsp beeswax
- 1 tbsp olive oil
- 10 drops of your favourite essential oil (optional)

Equipment

- Clean container or jar
- 2 saucepans for double boiling.

Method

1. Put water in the larger saucepan and boil
2. Place the second saucepan on top of the boiling water to create a double boiler, then add all ingredients except the essential oil
3. Once ingredients are heated and mixed, remove saucepan from heat
4. Add in the essential oil, then pour into the clean container or jar
5. Allow to cool before using.
