City of Swan - Walk & Cycle Information

How do you get around?

More people are choosing to walk, cycle and use public transport. This guide will help you get to know your local neighbourhood on foot, by bike or using public transport.

We encourage you to look closely at what's nearby and take the time to explore what our City has to offer.

Wherever you are going, consider your options – that is what being TravelSmart is all about.

To find out more about TravelSmart go to **www.transport.wa.gov.au/activetransport**

How do I use this map?

There are two sides to this map: one with walking and cycling information, the other with public transport routes. Both sides feature a wide range of handy services and amenities.

Feel free to follow these tips that have helped thousands make the most of their maps.

1. Mark where you live.
2. Mark where you frequently visit, like the shops, friends' homes and the train station.
3. See if you can get to these places by walking, riding your bike or catching a bus. If you can, highlight the routes for quick access when you're out and about.

To make even more use of this map, try the following:

- Look for places you never knew were there like parks, community centres and delis.
- Each time you're looking for ways to get active, consider visiting somewhere new. You might just find something or meet someone that makes your day.

Walking and Riding

Walking and riding are great ways to fit physical activity into your everyday life. Think about the local trips you make such as going to work, study or the shops, dropping kids at school, visiting friends or posting a letter. Which of these can you do by walking or riding?

It is recommended that you ride on the side of quiet streets that we have identified as 'local bike friendly routes', shown in green on the map. These routes connect to on-road bike lanes and 'shared paths', which are wide footpaths often painted with large bicycle symbols. These paths connect to some local centres and high-quality shared paths, which are much wider and have a dotted line down the centre.

Due to more and more people riding bikes, plenty of bike racks have been installed in our City. Keep an eye out for the bike parking symbol. If, while riding, you come across a location that really needs bike parking, we suggest you let your council know.

The Perth Bicycle Network is currently being revised. Updated routes will be included in future versions.

For information on more great Perth walks and other useful walking information go to **www.transport.wa.gov.au/walking**

For further cycling information including bike maps and upcoming community events go to **www.transport.wa.gov.au/cycling**

Catching the Bus or Train

On the public transport side of the map, the thick coloured lines are bus routes. Bus stops are shown as coloured squares along the route. Follow where the bus goes by tracking the thick coloured lines.

You can plan your journey online (visit **www.transperth.wa.gov.au**), by phone (ring the Transperth Info line **13 62 13**) or by using the official Transperth app for iOS and Android. Available for download now.

To find out when buses depart from your local stop locate the five digit bus stop number at the top of your bus stop post in the green panel. Once you know your five digit bus stop number you can find out when your next service is due by texting the five digit stop number to **13 62 13**, Telstra, Optus and Virgin customers only. Other customers will need to use 0429 33 22 11.

All buses on accessible routes have a low-floor and ramps for prams, wheelchairs and strollers. Accessible bus route numbers are in blue and pink boxes on the map and are marked accessible in the legend.

Time	Midland Train Line (Midland to Perth)	Bus Routes 955 & 956
Weekdays – Peak periods	10 mins	10 mins
Off peak	15 mins	15 mins
Evening (7:30pm onwards)	30 mins	30 mins +
Weekends - Day	15 mins	30-60 mins
Morning/Evening	30 mins	30-60 mins

Peak periods are 7:00am - 9:00am and 4:00pm - 6:00pm. In peak periods trains stop at Maylands, Bayswater and Bassendean stations every 8 to 13 minutes and at Mt Lawley, Meltham, Ashfield and Success Hill Stations every 20 minutes. See Timetable 99 for more details.

Bus routes 955 and 956 provide a high frequency connection between Ellenbrook and Bassendean train station. This service stops at 8:20pm on a weeknight and operates every 30 minutes on a Saturday and every 60 minutes on a Sunday.

We hope you enjoy exploring what the City of Swan has to offer.
